Editors and Riches.

It is evident that nine-tenths of the general public in any town where a newspaper is published believes that the editor is a millionaire in disguise; an individual who buries money by the barrel, and still reigns "hard up." Of course, the Courier belongs to this high finance, tax-dodging class.

"Shtnt" Ellison calls it a get-rich-quick scheme.

Cashier Clarence Reed says it beats getting money from home.

John Cotton—plous, conscientious and overly scrupulous like all gamblers—has discovered that we are sometime able to print two bottle labels at the same time, and charge us though they were separate jobs.

"Wess" Morris wonders how we ever constructed a mysterious subterranean passage large enough to carry away all the filthy here to its secret hiding place without its becoming jostled at times.

Holy smoked! The glory and wealth of the Fourth Estate. Magnificent beyond description.

But listen:

Honest man wants but little here below, and we have been in the newspaper business several years, we do not mind putting our readers next to some of our easy money propositions. Advertising is the goose that lays the golden egg. People are always writing to us for advertising.

A fellow out west wants us to do a lot of advertising for him and if it brings results he may become a customer.

A gun firm wants us to run \$19 worth of advertising and then send them \$10 in exchange for a shotgun. Such a gun would retail for about \$6.

For running \$19 worth of locals we can get a \$1 magazine telling how to do dressmaking at home. By running \$50 worth of advertising and sending \$25 to an Atlantic City firm we will be given a deed to a lot.

When the tide is in the lot stands six feet under water.

A Kansas real estate firm will give us a deed to a lot 22x60 feet for \$40 worth of advertising and \$25 cash. We wrote to a fellow who knew of the lots offered and he replied that they had no cash value, but a trading value of about \$5.

If we can run a column write-up of a doings to be held in North Dakota this fall amounting to about \$7, we will be sent two \$1 tickets. Our rail road fare up there and back for two, would be about \$60. We can have almost any Chicago daily paper sent us free. The subscription rate is \$4, but all we have to do is to run \$36 worth of locals.

For \$40 worth of advertising and \$25 cash we can own a bicycle. The wheel sells at just \$12. About one dozen firms are wanting to give us shares in gold mines for advertising. A nursery firm will send us a 25c rosebush for only five dollars' worth of advertising. For running a six-inch advertisement for one year we got a gross of pills.

Besides this we can get electric belts, patent insoles, etc., for a column of space any time.

The half has not yet been told, but by all means let your boy be an editor.

Money to Loan.

I loan money on farm lands in Obion and Weakley Counties, Tenn., and in Fulton County, Ky. About one-half the cash value of a farm will be loaned. Loans made in sums of \$1,000 or more for five years with privilege to borrower of paying same after one year in full or making any size partial payment desired at intervals of six months after the expiration of one year, interest being stopped on partial payments made. Call on or write O. SPRADLIN, Attorney-at-Law, Union City, Tenn.

Dr. J. O. Stubbs has returned from Hickman and can again be found at the dental parlors of Turner & Stubbs in the C. B. A. building. Dr. Stubbs informs us that he will move his family to the city within a short time and remain permanently. He has made many friends in Union City who are delighted to learn of his return.—Union City Commercial.

Col. C. C. Smith, of Hickman.

Her kitchen was beyond, in the side of the hill. The one window, sans glass, looked narrowly out upon an odd opening in the foliage below, giving the occupant of the hut an unobstructed view of the winding road that led up from Edelweiss.

Truxton was duly presented to the ladies and gentlemen of the party by John Tufts, who gracefully announced that he knew King's parents in New York. Baron Bangs was quite an old friend, if one were to judge by the manner in which he greeted the young man. The lady in green smiled w-

Speaking of Cotton.

The most expensive load of cotton ever brought to Hickman came in Saturday. Geo. B. Evans is entitled to the blue ribbon.

This load of seed cotton brought \$207.35, and was purchased by the Farmers Gin & Grain Co. The net weight was 3,770 pounds. The gin company paid Mr. Evans 5½¢ for it. The cotton was grown on W. C. Johnson's farm in the lower bottom.

Another load, brought in by Tom Bragg, which was grown on T. A. Ledford's place, weighed 3,500 pounds and brought \$192.50. This was also bought by the Farmers Gin & Grain Co.

This is the way we sight people who think Fulton county is not in the cotton growing belt. Besides this we will state and back it up that Fulton county grows more cotton to the acre than any other county in the United States, and has the only cotton gins in the State of Kentucky. The man who can't see what makes Hickman grow, and keep a-growing, might drop a few drops of this information in his eye.

No county in the United States can produce as many different varieties of agricultural products as Fulton county, and put the quality behind them.

We equal Missouri for her males and hens.

We beat Mississippi on cotton, having no boll weevil.

We take premiums on fruit in the Ozarks.

We equal Iowa for corn and oats; and raise wheat as fine as Nebraska.

Our negroes eat better watermelons than Georgia blacks.

Our lumber mills are as busy as Michigan's.

We raise tobacco for the crowned heads of Europe.

And the ladies have the world beat a country block.

Come to Fulton county.

HE DIDN'T GIVE UP.

I knew a man who journeyed once
Upon a Pullman car,
Sat in the smoker, told a joke
And smoked a black cigar;

And yawned a hundred times or so,
And took a little nap.
And sprawled himself this way and that,
And wore a linen cap;

And bought three papers on the way,
And read some magazines.
And scraped acquaintance with a girl,
A "peach" still in her teens;

And did 'most everything, I guess,
A lonely chap will do.
When traveling for half a day,
Or 'em the whole day through.

He did 'most everything, I say.
But one, by stratagem
The wily porter failed to get
A quarter out of him.

TO BUILD FREE BRIDGE

Public Will Not Have to Pay but Electric and Iron Mountain Roads Will.

Muskogee, Okla., Oct. 18.—Muskogee county proposes to finance with a \$200,000 bond issue a general bridge building and road improvement campaign, which includes a bridge across the Arkansas river to connect Muskogee and Fort Gibson with an Inter- mountain railroad into Muskogee.

The county proposes to lease the bridge to the traction company and the railway company for 25 years and at the same time maintain it as a free bridge for the public. The lease money will pay for the bridge.

TAFT VACATION AT AN END

HE LEAVES BEVERLY FOR THE NATIONAL CAPITAL.

President Will Spend Short Time in Washington Before Going Home to Vote.

Beverly, Mass., Oct. 18.—President Taft's vacation has ended. He has started to Washington by way of New York. Three thousand Beverly children waved good-bye as the president's automobile started to Boston at 11 o'clock.

Mrs. Taft, her sister, Mrs. Thomas Laughlin, Jr., of Pittsburgh, and Miss Helen Taft went with the president as far as New York. They will stay there for a week or more, shopping.

President Taft will be back in Washington on Thursday morning, to remain until November, when he goes to Cincinnati to vote on the 8th. He will sail for Panama on November 10 from Charleston, S. C.

Taft has thoroughly enjoyed his summer on the north shore. He has taken on some weight during the last month, but does not seem to mind it. The president's recreation has consisted principally of golf and motor racing. It is estimated he has traveled 5,000 miles in his machine during the summer.

Dirigible Balloon With Seven Passengers Makes Easy Journey From France to England.

London, Oct. 18.—Another chapter was added to the history of aeronautics when the French dirigible balloon Clement-Bayard made the voyage from Compiegne to London in the remarkable time of six hours, a journey requiring seven hours by the fastest express trains and boats. Compiegne is 45 miles northeast of Paris and is about 195 miles by air route to London.

It was the first occasion on which a dirigible balloon has crossed the English channel. The over-water route occupied 45 minutes. The Clement-Bayard, with a crew of six, left Compiegne at 7:15 o'clock in the morning and reached London without a stop at about 1:15 in the afternoon. The atmospheric conditions were perfect.

Acting Secretary of State Hurt, Washington, Oct. 18.—Acting Secretary of State Alvey A. Ade, who has ridden over much of this country and Europe on a bicycle without mishap, was injured while riding here when he attempted to avoid running over a dog. He was thrown to the pavement and suffered cuts about his face and head and his back was strained.

Magnet Raises and Kills Man. Pittsburgh, Pa., Oct. 18.—Lifted ten feet in the air when a steel billet which he was carrying came under the influence of a 30-ton magnet, John Warnick, 35 years old, was so badly injured by the impact with the magnet that he died in the South Side hospital two hours later. His head was crushed between the billet and magnet.

Mine, Idle on Sunday, Explodes. Pittsburgh, Pa., Oct. 18.—The first mine explosion of the season in the Pittsburgh district was reported from Creighton, where the McFetridge Hires' Hillside coal workings were wrecked. Sunday idleness at the mines probably saved the 250 men who work there from either death or injury.

Anti-Blasphemy Procession. Pittsburgh, Pa., Oct. 18.—Under the banners of the Holy Name Society and to the music of a thousand male voices without a band, 3,000 men marched over a long route through the city, as a demonstration of the society's campaign against blasphemy.

A Danville couple rode across the country on horseback to get married, and many rich Americans would be willing to walk to Dakota, if necessary to obtain a divorce.

Quite a Mix-up.

A very complicated family affair has developed in this city and is about to get into the courts, the legal step having been taken Monday when Sheriff Johnson attached all property belonging to one of the parties.

C. H. Smith, a well known shingle manufacturer, residing in West Hickman, and his wife compose the nucleus around which the web is woven.

About February, of this year Mr. Smith was married in marriage, at Union City, to his wife, who is from Columbia, S. C. The couple came to Hickman to make their home and have resided here since that time. Justice to both parties it may be said that they knew little of each other previous to their wedding day except what they learned in correspondence. But all went well until a short ago, when proverbial circumstances began to alter the case.

Some six months after the marriage a youngerster arrived at the home of the couple. Explanations were in order, and it developed that Mrs. Smith had been previously married to a man named Withroth. He was a paleoeman and their marriage took place in Georgia. Withroth, at the time he was living with Mrs. Smith, was the husband of another woman which it is believed was Mrs. Smith void. When Mrs. Withroth No. 1 and 2 learned of the situation, they made it hot for the amateur. But his troubles did not begin before Withroth got away with considerable money belonging to Mr. Smith, which she says was left by a former husband at his death.

Mrs. Smith has a son-in-law, Mr. Springer, who came here from Union, S. C., last week and assisted her in taking legal steps against her husband, Mr. Smith, by attaching all of his property his home, sheep mill, shingles, etc., to secure attorney which she claims she is entitled to, alleging that Mr. Smith has resented her, etc. Mr. Smith denies the charge in the petition, stating that his business necessitated his being away, as his mill is located several miles from town.

He also claims that he knew nothing of the lady's condition at the time of their marriage. The child-parentage relates to the Withroth marriage, with whom the mother resided until a short time before she became acquainted with her present husband. She believed of course that her marriage to Withroth was bona fide until his other wife turned up. Steps will, doubtless, be taken to bring Withroth to justice, and it seems that he is largely responsible for the whole muddle.

At present Mrs. Smith is quite sick at their home in West Hickman, and has been for several days. As soon as she is able, we understand, she will leave for her former home in South Carolina, the result of a compromise. Divorce proceedings will follow.

A Chat with Ed. and John

The plumbing and tinning business is beset with obstacles.

Occasionally a new customer will ask us to figure on his work. When he gets the figures, he probably tells us he knows of a plumber that will do his work for "a little less." We may lose his first job but his next work comes to us.

When he takes the first degree, he learns that low prices and poor work go hand in hand; upon being brought to light in the second degree, he finds that this business does not differ from any other—to get skilled work and quality, it necessarily follows that it always costs a reasonable price, no more, no less.

Therefore quality is remembered long after prices are forgotten.

Our plant is not the biggest, fastest nor oldest in the state, but we are prepared to meet all reasonable demands. We employ five men and every one of us work diligently to meet every promise we make. Our work is all guaranteed to please the customer—not the plumber. Our jobs are never finished until the customer is satisfied.

We would like to figure with you on plumbing, tinning, country water works, heating, steam fitting or anything in our line. You will save money by letting us do your work right on the start. If we can't do it and do it right, we will tell you so.

CHAPTER VII. AT THE WITCH'S HUT.

In the meantime our excellent young friend, Truxton King, was having a sorry time of it. It all began when he went to the cathedral in the hope of seeing the charming aunt of the little prince once more. Not only did he attend one service, but all of them, having been assured that the royal family worshipped there quite as regularly and as religiously as the lowest communiant. She did not appear.

More than all this, he met with fresh disappointment when he waited down at the armorers shop. The doors were locked and there was no sign of life about the shuttered place.

The next day King made a purely business call at the shop of Mr. Spaniard. He looked long, with a somewhat sly eye, at the cabinet of ancient rings and necklaces, and then departed without having seen the interesting Miss Platner.

At his room in the hotel he found a note addressed to himself. It did not have much to say, but it meant a great deal. There was no signature, and the handwriting was that of a woman.

"Please do not come again." That was all.

He laughed with a fine tone of defiance and went back to the shop at 5 o'clock, just to prove that nothing so timid as a note could stop him. On the occasion of this last visit to the shop he did not stay long, but went away somewhat dazed to find himself the possessor of a ring he did not want and out of pocket just \$30. American.

Having come to the conclusion that knight errantry of that kind was not only profligate, but distinctly irritating to his sense of humor, he looked up Mr. Hobbs and arranged for a day's ride in the mountains.

Mr. Hobbs led his patron into the mountain roads early the next morning, both well mounted and provided with luncheon.

It is a good three hours' ride to the summit of Monastery mountain. And after the height has been attained one does not care to linger long among the chilly, whistling crags, with their snow crevasses and bitter winds. The utter loneliness, the gloominess of this frost crowned crest upholds disheartened one who loves the fair, green things of life.

It was 3 o'clock when they clattered down a stone road and up to the forbidding vale in which lurked, like an evil, guilty thing, the log built home of the witch of Glenlook gap, that ancient female who made no secret of her practices in witchcraft.

A low thatched roof protruded from the hill against which the hut was built. As a matter of fact, a thin chimney grew out of the earth itself, for all the world like a smoking tree stump. The single door was so low that one was obliged to stoop to enter the little room where the dame had been bolding forth for three-score years, 'twas said. This was her throne room, her dining room, her bedchamber, her all. It would seem, in less one had been there before and knew that her kitchen was beyond, in the side of the hill. The one window, sans glass, looked narrowly out upon an odd opening in the foliage below, giving the occupant of the hut an unobstructed view of the winding road that led up from Edelweiss.

The two horsemen rode into the glen and came plump up upon a small detached

ment of the royal guard, mounted and rather resolute in their lack of ability.

"Soldiers, I'd say," remarked Mr. King. His eyes brightened and his hat came off with a switch.

"Hello! There's the prince!"

Farther up the glen—in fact at the very door of the witch's hut—were gathered a small but rather distinguished portion of the royal household. It was not difficult to recognize the little prince. He was standing beside John Tullis, and it is not with a desire to speak ill of his valor that we add he was clutching the slackest part of that gentleman's riding breeches with an earnestness that betrayed extreme trepidation. Facing them, on the stone doorstep, was the witch herself. Behind Tullis and the prince were several ladies and gentlemen.

Truxton King's heart swelled suddenly. Next to the tall figure of Colonel Quinnox of the royal guard was the slim, entrancing lady of his most recent dreams, the prince's aunt, the Countess Marlinax.

The Countess Marlinax, tall and exquisite, was a little apart from the others, with Baron Dangloss and young Count Von Engo, whom Truxton was ready to hate because he was a recognized suitor for the hand of the alluring person in gray. He was for riding boldly up to this little group, but a very objectionable Lieutenant barred the way, supported in no small measure by the agitated defection of Mr. Hobbs.

The way was made easy by the intervention of the alert young woman in gray. She caught sight of the restricted adventurers or one of them, to be quite accurate—and, after speeding a swift smile of astonishment, turned quickly to Prince Bobby.

The prince broke the ice.

"Hello!" he cried shrilly.

"Hello!" responded the gentleman readily.

John Tullis found himself being dragged away from the witch's door toward the newcomer at the bottom of the glen. Mr. Hobbs listened with deepening awe to the friendly conversation which resulted in Truxton King going forward to join the party in front of the hut.

Truxton was duly presented to the ladies and gentlemen of the party by John Tullis, who gracefully announced that he knew King's parents in New York. Baron Dangloss was quite an old friend, if one were to judge by the manner in which he greeted the young man. The lady in gray smiled so sweetly and nodded so lithely that Tullis, instead of presenting King to her as he had done to the Countess Marlinax and others, merely said:

"And you know one another, of course." Whereupon she flushed very prettily.

Truxton King, scarcely able to believe his good fortune, crowded into the loathsome, squalid room with his aristocratic companions.

Never had Truxton looked upon a creature who so thoroughly vindicated the lifelong reliance he had put in the description of witches given by the fairy tale tellers of his earliest youth. She had the traditional hook nose and peaked chin, the glittering eyes, the thousand wrinkles and the toothless gums. He looked about for the raven and the cat, but if she had them they

"GROWSOME LADY, ISN'T SHE?" WHISPERED KING.

were not in evidence. At a rough guess he calculated her age at 100 years.

"Groowsome lady, isn't she?" whispered King.

"I shall dream of her for months," whispered the lady in gray, shuddering.

"Would you mind telling me how I am to address you?" whispered King. They were leaning against the mud plastered wall near the little window side by side. "You see, I'm a stranger in a strange land."

"You must not speak while she is gazing into the crystal!" she warned after a quick, searching glance at his face.

Although it was broad daylight, the low, stuffy room would have been pitch dark had it not been for the flickering candles on the table. In the bent gray head of the mudwall...

fortune teller, whose bony fingers twirled over and about her crystal globe like wiggling serpents' tails. The window gave little or no light, and the door was closed, her grinning grandson leaning against it limply.

The witch began by reading the fortune of John Tullis, who had been pushed forward by the wide eyed prince. In a cackling monotone she rambled through a supposititious history of his past, for the chief part so unintelligible that even he could not gainsay the statements. Later she bent her piercing eyes upon the prince and refused to read his future, shrilly asserting that she had not the courage to tell what might befall the little ruler, all the while muttering something about the two little princes who had died in a tower ages and ages ago. Seeing that the boy was frightened, Tullis withdrew him to the background. The Countess Marlinax came next. She was smiling derisively.

"You have returned from some one whom you hate," began the witch. "He is your husband. You will marry again. There is a fair-haired man in love with you. You are in love with him. I can see trouble!"

But the countess deliberately turned away from the table, her cheeks flaming with the consciousness that a smile had swept the circle behind her graceful back.

"Hilieulous!" she said and avoided John Tullis' gaze. "I don't care to hear any more. Come, baron! You are next."

Truxton King, subdued and troubled in his mind, found himself studying his surroundings and the people who went so far to make them interesting. His eye had fallen upon a crack in the door that led to the kitchen, although he had no means of knowing that it was a kitchen. To his amazement, a gleaming eye was looking out upon the room from beyond this narrow crack. He looked long and found that he was not mistaken. There was an eye glued close to the opposite side of the rickety door, and its gaze was directed to the Countess Marlinax.

Without pausing to consider the result of his action, he sprang across the room, shouting as he did so that there was a man behind the door. Grasping the latch, he threw the door wide open, the others in the room looking at him as if he were suddenly crazed.

There was instant commotion, with cries and exclamations from all. Quick as the others were, the old woman was at his side before them, scowling with rage. Her talonlike fingers sank into his arm, and her gaze went darting about the room in a most convincing manner.

ing way.

Baron Dangloss was convinced that the young man had seen the eye. Without compunction he began a search of the room, the old woman looking on with a grin of glee.

"Search! Search!" she croaked. "It was the spirit eye! It is looking at you now, my fine baron! It thuds you, yet cannot be found. No, no! Oh, you fools! Get out! Get out! All of you! Prince or no prince, I fear you not, nor all your armies. This is my home, my castle! Go! Go!"

"There was a man here, old woman," said the baron coolly. "Where is the man?"

She laughed aloud, a horrid sound. The prince clutched Tullis by the leg in terror.

"There is no window, no trapdoor, no skylight," remarked the baron, puzzled. "Nothing but the stovepipe, six inches in diameter. A man couldn't crawl out through that, I'm sure. Mr. King, we've come upon a real mystery—the eye without a visible body."

Suddenly the old woman stepped into the middle of the room and began to wave her hands in a mysterious manner over an empty pot that stood on the floor in front of the stove. Then before their startled eyes a thin film of smoke began to rise from the empty pot. It grew in volume until the room was quite dense with it. Even more quickly than it began it disappeared, drawn apparently by some supernatural agency into the draft of the stove and out through the rickety chimney pipe.

A deafening crash as of many guns came to their ears from the outside. With one accord the entire party rushed to the outer door, a wild laugh from the hag pursuing them.

"There!" she screamed. "There goes all there was of him! And so shall we all go some day. Fire and smoke!"

Just outside the door stood Lieutenant Saffo of the guard.

"Good Lord!" shouted Tullis. "What is the matter? What has happened?"

"The storm, sir," said Saffo. "It is coming down the valley like the wind." A great crash of thunder burst overhead, and lightning darted through the black, swirling skies.

Notice to the Public!

Look and read carefully. It will pay you to visit the BLUE FRONT STORE in West Hickman, managed by Moses, the Jew.

Goods as fresh as the morning dew, that are sold by Moses, the Jew, will give you some idea of the money can be saved:

Sans Pariel Flour, the best ever made, per sack.	75c
High Patent Columbus Star	68c
Straight Flour	62c
Best Wheat Bran, per 100 lbs	1.25
The best Light Coal Oil, per gal	10c
Best Northern Irish Potatoes, per bus	85c

Have you ever gotten such prices as these in Hickman or anywhere else?

As I have quit the wholesale business I want to give my customers the advantage of wholesale prices. Some merchants are kicking about this but if you will stay with Moses the Jew he will give you the benefit of wholesale prices.

Now I am going to give the man, woman or child \$10.00 in gold as a Christmas present who buys and pays cash for the largest amount of goods. Who knows but you will be the one to get this Christmas present. Or I will give instead of the gold a 25-year watch guaranteed by Schlenker, the Jeweler.

Come and see me and whisper in my ear and I will know you want a bargain and then you will get a bargain in all kinds of merchandise. My prices are no secret but come and see me and save money.

Wants Fair Play.

Editor Walker, of the Clinton Gazette, thinks Graves county is getting a little selfish in launching a senatorial boom for Garnett. He thinks it is about time for Hickman county to pull a plum. Walker says: "We recognize that Graves county can by weight of numbers dictate who shall be the next State Senator from this district, and yet we think a spirit of fairness should prevail. It has been twenty years since Hickman county furnished the Senator. In the meantime Graves has had the Senator for twelve years and Fulton for eight years. While the Senatorship should really be conceded to Hickman county next year, we do not think it likely that Graves will feel oppressed by its sense of duty. However, we have this much to say: If Graves county is to furnish the Senator, give us a man above the average, give us a man who will reflect some credit upon the district. In other words, give us a man like Judge Joe Robbins, whom we have reason to believe would be willing to serve this constituency for one term in the General Assembly. We need a man like Judge Robbins for he would at once take a leading place in the Senate."

Mrs. I. D. Price, of the Price House lost two diamond rings, Saturday, and believed they were stolen by a man and woman who had been staying at her hotel a few days. She swore out a warrant and had them searched at the Cottage Hotel where they had moved that morning. They gave their names as Mr. Cloys and Mrs. Adams, of near Mayfield. When Mrs. Price returned home she found the rings under some clothing where she had them.

S. L. Dodds received word Saturday afternoon that a wagon and team of mules belonging to him had been stolen, and that a white man had been seen driving the team in the lower bottom. Mr. Dodds, Ernest Johnson and Deputy Sheriff Bob Gardner started in pursuit of the thief.

When several miles down in the bottom they met one of L. W. Ferrell's boys bringing the outfit back to Hickman, from where they had been taken. The boy's father, whose mind was unbalanced, had taken the team and drove home. He was brought here that day to be examined as to the state of his mind and escaped from his friends took the first conveyance he could find to get to his home. This was Mr. Dodds' team. Ferrell got home alright.

There's a joy that is a joy
In a boy that is a boy—
Just a romping, reckless tyke
That the whole round world must like.
Pockeckled, awkward, tanned and slim
Scampering by the water's brim
With trailing dog, or pony,
That betimes will trip him up.

In the morning out and gone
At the bugles of the dawn,
Finding wondrous games to play
In each nook along the way
Wading brooks and climbing trees,
Feasting the honey bees
Till they sing him in despair—
But what does a real boy care?

In a noon to bolt his lunch,
Then a run to join the "bunch":
Shouts and yell and battle-call
Over strife with bat and ball,
Or a make-believe affair
With the pirates in his play
Blisters, stone-bruise on his heel,
Scratches that his bath reveal.

Crooning in a singing twang,
Horribly by his sang
Giving everyone the shakes
By his chumminess with snakes,
Nosing with a careless shrug
Evry beetle, bird and bug,
Ruminant upon the grass
Watching all the clouds that pass.

Coming home at fall of night
Grimed and marred from play and fight,
Braggadocio, weary—ya.
With a wondrous weariness
Dreaming on with amiss and slight
After sleep has closed his eyes—
There's a joy that is a joy
In a boy that is a boy!

Beneath the lime-worn streets of ancient Rome
Mayhap still older streets in dust I'm told.
Beneath the sands may stand a pyramid
Unmentioned in historic book or tome.
The forest may cover some crumbling dome
Beneath which olden rulers dreamed and died.
Some palace that once housed the mighty Cæsar
May sleep below an humble peasant's home.

What of the buried cities of the mind—
The stately halls and castles still unruined?
Because we sit with idle folded hands,
Shall some one else far in the future find
What could be ours, would we but take
The thought?
Shall others build upon our barren lands?

CONVINCING PROOF

OF THE VIRTUE OF

Lydia E. Pinkham's Vegetable Compound

What is the use of procrastinating in the face of such evidence as the following letters represent? If you are a sick woman or know one who is, what sensible reason have you for not giving Lydia E. Pinkham's Vegetable Compound a trial? For 30 years we have been publishing such testimonial letters as these—thousands of them—they are genuine and honest, too, every one of them.

Mrs. S. J. Barber says:

"I think Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women—and I feel it my duty to let others know the good it has done for me. Three years ago I had a tumor which the doctor said would have to be removed by an operation or I could not live more than a year, or two, at most. I wrote Mrs. Pinkham, at Lynn, Mass., for advice, and took 14 bottles of Lydia E. Pinkham's Vegetable Compound, and to-day the tumor is gone and I am a perfectly well woman. I hope my testimonial will be of benefit to others." —Mrs. S. J. BARBER, Scott, N. Y.

Mrs. E. F. Hayes says:

"I was under the doctor's treatment for a fibroid tumor, suffered with pain, redness, bleeding, and could not walk or stand on my feet any length of time. I wrote to Mrs. Pinkham for advice, followed her directions and took Lydia E. Pinkham's Vegetable Compound. Today I am a well woman, the tumor was expelled and my whole system strengthened. I advise all women who are afflicted with tumors or female troubles to try Lydia E. Pinkham's Vegetable Compound." —Mrs. E. F. HAYES, 100 Washington St., Boston, Mass.

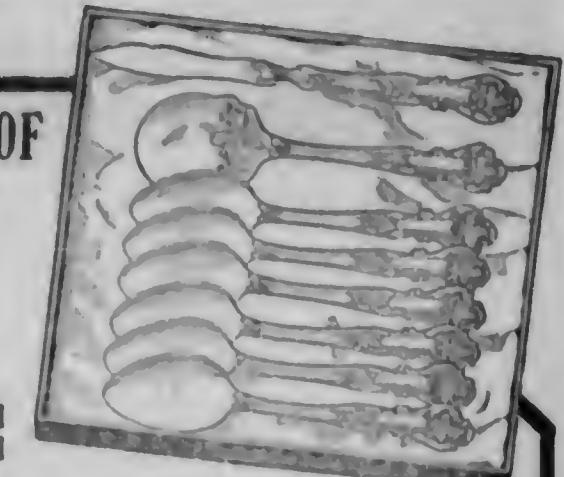

Mrs. W. K. Housh says:

"I have been completely cured of a severe female trouble by Lydia E. Pinkham's Vegetable Compound, and want to recommend it to suffering women." —Mrs. W. K. Housh, 7 Eastview Ave., Cincinnati, Ohio.

Because your case is in a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacement, fibroid tumors, irregularities, periodic pains, backache, etc.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

PREPARATION FOR LUNCH.

Papain, used as an aid to digestion, is obtained by placing bread before hungry pigs so that they cannot reach it and, after they have tried for some minutes to reach it, killing them and collecting the secretion in the stomach. Without considering whether the product so obtained is uncontaminated by the bad mental state of the animals or the advisability of using an artificial digestant, does not this indicate the importance of preparation for a meal?

The boy who grows for ten minutes before dinner is ready in the kitchen, is not making good preparation for his afternoon's work at school, and the stenographer who rushes from the typewriter to the quick lunch room next door is preparing for a course in a sanitarium, sooner or later, according to her hereditary endowment, her habits otherwise and the length of time such practice is continued. Drop all thought of work when the lunch hour arrives, walk at least ten minutes outdoors, looking at distant objects, as far as possible, and occupying the mind pleasantly. When seated, relax and draw long breaths, fixing the attention in pleasant expectation on the meal.

Letter from Syria

BY A. S. BARKETT

Judedit, Margeon, Syria, Turkey.

On the 10th Inst., our new and first representative, Solomon Eppendy Bristony, visited this town, a great crowd of horsemen went out about five miles to meet His Excellency. I was one of the crowd that went out. We met one of the nicest and greatest men in Syria and dare say one of the brightest men in the world.

He is well educated in seven languages—rather a professor in those languages. He is second president of the House of Representatives at Constantinople, the capitol of the Turkish Empire, Syria being one of the states under Turkish rule. It has only been two years since the constitutional government appointed two representatives from Beirut—one Mohammedan and one Christian, and so from all the states where there are Christians. But Christians are scarce in the Turkish Empire, more especially Syria. These representatives are elected every four years, so the present ones have two years more to serve. They are enacting new laws and mending the old ones, and are doing a great work, considering everything.

We met the Representative near the River Litany with a good hearty salute, and he returned same with a good hand shaking and kind words, and a promise for building up and improving the country as far as in his power to do so. After that we mounted our horses and started to town. A short distance from town we were met by a large crowd of footmen, hallooing, whooping, singing and dancing from their great joy of the first visit of their new representative.

Coming through town we made a stop at the court house, as it is the custom in this country for a statesman to visit the court house first, then to go where he is invited. He was invited to our house during his stay in Judedit. As we got to town in the afternoon, all of the horsemen and footmen who joined us in meeting the Representative were invited to take supper with him at our house. Not less than two hundred people ate supper with us that

Well Known Here.

Mr. and Mrs. J. Bassett Willard, the authors and projectors of the splendid play, "Eth'opia," which is to be presented here Nov. 18, under the auspices of the Daughters of the Confederacy, have both been here before, and made many friends.

Mr. Willard was here with his partner, Mr. Bertram, with their "Singin' Skule" and "Captain Dick" and Mrs. Willard, then Miss Bertha John, was here with the "Mystic Midgets." So recalling the high quality of all of these entertainments and stating the fact that Mr. Willard is the author of them, gives reason to make the assurance of the high quality of "Eth'opia" doubly sure. Mr. Parker, who comes to coach the entertainment is one of their very best conductors.

Ferrell Loses Mind.

L. W. Ferrell, residing seven miles below town, was tried before a jury in Judge Naylor's court, Monday, for lunacy and found to be of unsound mind.

Witnesses testified that Mr. Ferrell had been acting strangely for the past three months. On one occasion he spent the night in the woods, several times he got lost almost in sight of his home, and had acted indifferent towards his family, even his sick wife.

Mr. Ferrel is 52 years old, has a wife and five children. He has been farming in this county for seven years, coming here from Livingston county.

He will be taken to the asylum.

ful guests, greatly to the irritation of Baron Dangloss, toward whom she showed an especial attention.

Tullis was holding the prince in his arms. Colonel Quinton stood before them, keeping the babbling, leering beldame from thrusting her face close to that of the terrified boy. The Countess Mariana, pale and rigid, her wondrous eyes glowing with excitement, stood behind John Tullis.

With incredible swiftness the storm passed. Almost at its height there came a cessation of the roaring tempest, the downpour was checked, the thunder died away and the lightning trickled off into faint flashes. The sky cleared as if by magic. The exhibition, if you please, was over!

"It is the most amazing thing I've ever seen," Dangloss said over and over again.

The Countess Mariana was trembling violently. Tullis, observing this, tried to laugh away her nervousness.

"Merely coincidence; that's all," he said. "You can't believe she brought about this storm?"

"It isn't that," she said in a low voice. "I feel as if a grave personal danger had just passed me by. Not danger for the rest of you, but for me alone. That is the sensation I have—the feeling of one who has stepped back from the brink of an abyss just in time to avoid being pushed over. I can't make you understand. See I am trembling."

"Nerves, my dear countess shadows! You'll be over it as soon as we are outside."

Ten minutes later the cavalcade started down the rain-swept road toward the city, dry blankets having been placed across the saddles occupied by the ladies and the prince. The witch stood in her doorway, laughing gleefully, inviting them to come often.

"Come again, your highness!" she croaked sarcastically.

"The next time I come it will be with a torch to burn you alive!" shouted Jack Dangloss. To Tullis he added: "Gad, sir, they did well to burn witches in your town of Salem. You cleared the country of them—the pests!"

Down through the lowering shades rode the prince's party swiftly, even gayly by virtue of relaxation from the strain of a weird half-hour. No one revealed the slightest sign of apprehension arising from the mysterious demonstration in which nature had taken a hand.

KETCHEL'S SLAYER HELD FOR MURDER

ARRESTED AT NIAGUA, MO.
WALTER DIPLEY PLEADS
UNWRITTEN LAW.

THE WOMAN IN THE CASE

Circumstances, however, would indicate that crime was committed with robbery in view—Ketchel's money not found.

Springfield, Mo., Oct. 18.—Walter Dipley, alias Walter A. Hurz, the deserter from the navy, who Saturday shot and killed Stanley Ketchel, was arrested at the home of Thomas Hogatt, near Niangua, Mo., 17 miles from the scene of the crime. He had bolted his flight for a night's sleep.

He asserts Ketchel had insulted the woman Dipley says to his wife. She was formerly known as Goldie Smith, and conducted a rooming house in Coffeyville, Kan.

Woman Refuses to Talk.

The woman at first styled herself as Fannie Hurz, wife of the slayer, and later as Goldie Smith, and is said by Dipley to be Mrs. Knight. Her career, the officers, say, is uncertain. According to Dipley's story, he met her a month ago at Bluff, Mo. The woman has refused to give her version of the story, saying she will talk only when required to do so.

The inquest by Coroner Nichols of Greene county will be held Tuesday morning. A jury has been chosen. Ketchel's body was sent to Grand Rapids, Mich., for burial.

Robbery the Murder Motive.

Robbery is believed to have been the motive for the crime. The sum of \$300, which Ketchel is thought to have had on his person, has not been found. After the killing, which Dipley says was in self-defense, Dipley gave the farm hands who saw him shoot from the doorway three minutes to leave the vicinity.

Dipley is held at Marshfield.

The body of the former champion lay in state for a few hours at the Mills' club room, and hundreds of men and women paid their last respects to the game fighter.

Many Messages of Condolence.

Hundreds of telegrams and letters are pouring in upon R. P. Dickerson, expressing the greatest grief over the unfortunate shooting. Bob Fitzsimmons, John L. Sullivan, Jim Corbett, Billy Popke, Jack Johnson and numerous other fighters and friends of Ketchel have expressed their grief, and paid high tributes to his memory.

WOMAN SMUGGLER FINED

\$1,000 Worth of Parisian Gowns Are Seized and \$1,000 Fine Assessed by Customs Judge.

New York, Oct. 18.—Mrs. Mayme McKenna, of Chicago, pleaded guilty to the charge of smuggling before Judge Hand in the United States court and was fined \$1,000.

The court also ordered \$1,000 worth of Parisian gowns she attempted to bring in without payment of duties, seized.

Mrs. McKenna stoutly affirmed when first charged with attempting to smuggle the dresses were made in this country and she pointed to their labels to prove it.

The United States district attorney with a magnifying glass showed the labels had been changed and the plea of guilty resulted.

Oyster Pan Big Pearl.

Tipton, Mo., Oct. 18.—Mrs. Iloehn, while eating canned oysters in her husband's restaurant in this city, found a white pearl the shape of a quail's egg, weighing 18 pennweights, which local jewelers claim is very valuable. The oysters were bought from a grocery in St. Louis.

DOLLIVER'S PLACE VACANT FOR TIME

GOV. CARROLL NOT LIKELY TO FILL POSITION UNTIL JANUARY.

HIS DEATH WAS SUDDEN

Messages of Condolence Received From President Taft and Many Others—Arrangements for Funeral on Thursday.

Des Moines, Ia., Oct. 18.—It is probable the successor of United States Senator Dolliver will not be known until next January. At that time a man to fill the unexpired two years of the term will be chosen by the state assembly.

According to friends of Governor Carroll, he will not appoint one to

Senator J. P. Dolliver.

fill the place of the insurgent leader who died so suddenly.

Grandparents and progressives will have a close fight on their hands, and the progressives are much disturbed over the prospect of being without Dolliver in congress.

Arrangements for the Funeral.

Funeral services will be held Thursday at 2 o'clock. The suddenness of Dolliver's death from heart disease while a physician was listening to the irregular beats of the organ with a stethoscope took everyone so much by surprise that some of the funeral arrangements are only tentative.

According to present plans, the ceremonies will be in charge of Rev. W. H. Spence, pastor of the First Methodist Episcopal church of Fort Dodge. Bishop Luther B. Wilson of Pennsylvania, Dr. Newell Dwight Hillis of New York city and Gov. B. F. Carroll of Iowa have been invited to make funeral orations for the senior senator of Iowa.

Senator Cummins is in Fort Dodge assisting the family in its bereavement.

Circumstances of His Death.

Only an hour before dying Dolliver spoke hopefully of his recovery to District Judge J. M. Wright, who called to ask after the senator's health. During the afternoon Senator Dolliver took a walk in his garden, which had been one of his pleasures.

To those who called the senator talked pleasantly and optimistically. He repeatedly expressed the belief that he would soon be completely recovered. He even spoke of some plans for the future.

Hundreds of telegrams of sympathy poured in on Mrs. Dolliver from all parts of the country. Nearly every member of both houses of congress sent condolences. Messages also came from most of the governors and from the president, cabinet members and public men.

Senatorial Committee Named.

Washington, Oct. 18.—Vice-President Sherman has designated the following members to act as a committee from the United States senate to attend the funeral of Senator Jonathan P. Dolliver of Iowa at Fort Dodge on Thursday, October 20, at 2 p. m.: Senators Cummins, Bailey, Elkins, Pynster, Nelson, Burrows, Kean, Clapp, Beveridge, Chivley, Burkett and Money.

YOUNG MEN: Show me the man who is getting rich on a salary. Don't laugh at this. Count over the people you know. Then count over the men you know are making money running a business for themselves. Does the difference mean anything to you? Are you going to work all your life to make money for others, or do you expect to make some for yourself? If you cannot start in business today, commence to get ready by clinching a good position. Your savings will be working for you while you work and while you sleep and helping you to get to the point of starting in for yourself. Your lot will increase in value fast and when you are ready to do business will help you get credit.

There are TWO THINGS in Life which count: Effort and Result

Effort to make money results in acquiring it. Make the Effort--buy a business lot--watch the Result.

Only one more week, and then all unsold lots will be advanced 5% in price.

It's up to you. See Russell Johnson or W. E. Bondurant.

Mr. Blaney Killed.

J. R. Blaney, a printer in the employ of the Hurt printing Company, was murdered in Paris, Tenn., last Thursday night. Blaney had the previous Monday started out to travel and solicit work for the Hurt Printing Co. He will be remembered as acting in this capacity in Hickman a few weeks ago, but found out we had a job printing establishment here.

He formerly worked at Paris and on Thursday, as a young lady passed, and Blaney remarked "There goes one of my old sweethearts," her brother imagined a cause of insult in this and demanded an apology. Blaney denied meaning anything improper and said no apology was needed. Sweeney later on attacked Blaney and struck him and on the latter seizing a billiard cue, Sweeney shot him three times, once over the heart, in the right shoulder and in the leg. Blaney was instantly killed. His body was buried in Union City Sunday in East View cemetery, the funeral services being conducted by Bro. Stewart.

A GOOD REASON.

Hickman People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that are the cause of backache, headache and distressing kidney and urinary complaints. Hickman people testify to permanent cures.

A. P. Overby, of Hickman, Ky., says: "For two or three months I was troubled by disordered kidneys. I had dull pains in the small of my back and whenever I stooped or lifted, sharp twinges caused me much misery. At night the ache in my back greatly disturbed my rest and I arose in the morning feeling tired and languid. Nervous spells bothered me and the sediment in the kidney secretions proved that my kidneys needed attention. Learning of Doan's Kidney Pills, I procured a box at Helm & Wilson's Drug Store and in three days they relieved me. It required but one-half the contents of the box to effect a complete cure. I am glad to say that this cure has been permanent and I, therefore, have no hesitation in allowing you to publish my statement."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

REAL ESTATE FOR SALE. See W. E. Bondurant, agent for M. H. Shaw.

Special Offer

We expect to put out a greater number of farm wagons around close to home this year than ever before, and in order to do this we are making the special prices below:

2 1/2 Thimble Skein Wagon, with bed, at	\$50.00
3x9 "	52.00
3 1/2 "	55.00

Can furnish any height wheel preferred, the regular height, 42x52 inch, or the low 40x44 inch or special 37x46 inch. In the low wheel we specially recommend the 40x44 height, as they are well proportioned, very strong and durable.

Upon investigation you will find these prices from \$8 to \$12 under most all other makes, and at the same time we propose to give you a first-class light running wagon, made of bone-dry material throughout.

WE GUARANTEE EVERY WAGON right along side any other make for strength, light running, etc. Remember that while we are making extremely low prices, we propose to give you just as good a wagon as the other fellow is now charging you at least ten dollars more for.

Mr. S. L. Dodds, the proprietor, having his own timber and mills, is in position to build wagons for much less than those who are compelled to go on the open market for their supply of material. Being a large planter, Mr. Dodds uses a great number of wagons, and is in position to know just what style wagon suits the farmer best—and is now having wheels made with extra thick tires, deeper felloes, larger hubs and all other parts ironed in proportion.

Our foreman, Mr. Hertweck, and also our business manager, Mr. Baltzer, has been raised up in the wagon business, having been connected with this plant practically all their lives, and both are thoroughly familiar with the important points of wagon manufacture, and are using their every effort to put out a strictly first-class wagon that will best suit the farmer.

As a special inducement we will allow \$5.00 for this advertisement when cut from this paper and presented at our office, and accompanied by cash order for wagon during the month of October.

WHY PAY SEVERAL DOLLARS EXTRA FOR JUST A NAME, WHEN YOUR HOME FACTORY WILL FURNISH A WAGON AS GOOD FOR LESS.

Write us direct or come in and see us. We have a good stock of all size wagons on hand and will appreciate your business.

No. 8. One farm of 1700 acres (our
main place) fine barns, good houses,
100 acres in alfalfa, prices furnished
on application.

All of this land is protected by the
levee and produces 25 to 50 bushels
of wheat per acre, a bale of cotton,
alfalfa, and in fact any crop that you
wish to plant. I also have several
good tenant houses scattered over
the City of Hickman that I will sell
at a bargain, also 75 head of good
cattle, three years old in the spring,
15 2-year-olds, 15 one-year-olds and a
lot of suckling colts, besides 50 or
60 good brood mares and some fine
Jersey cattle, also 50 good work mules

In buying from me you buy direct
from the owner, having no commis-
sions to pay some dealer.

Maple Sugar Fudge.

One pound of maple sugar, one pint
of cream, a few drops of vanilla, a
small lump of butter.

Break the sugar into small pieces,
add cream and let it cook until it
forms a soft ball in water, or sugars
on the edges of a pan. Stir constantly.
Pour thickly into buttered tins,
after beating lightly on removal from
stove.

This is nice with nuts added. But-
ter-nuts or chopped cream nuts give a
delicious flavor.

SUGAR BUTTER is selling well. This has the Maple flavor and is used on Hot Biscuit, Pancakes, Waffles and as a sauce for Puddings, also for frosting for cakes and for cake filling. And so is Mapleine. It requires no cooking to make Maple Syrup with Mapleine. One and three-quarter pounds of Granulated Sugar put into water and allow to set until dissolved, then strain and a teaspoonful of MAPLEINE will make a quart of excellent Maple Syrup at a cost of about fifteen cents. Log Cabin in Maple Syrup, the best on the market sells for fifty cents a quart, and this you make is really better.

New crop QUAKER OATS are now in. We are selling two packages for a quarter.

Our CREAMERY BUTTER is very fine. We get it every week. It is the best Elgin Creamery make.

Tomorrow, we are looking for new FLORIDA ORANGES, the first of the season. Will have FRESH GRAPES tomorrow also.

We expect on the boat tonight, NEW LOBSTERS, SHRIMPS, MENTOES, MARASCHINO CHERRIES, DRIED BEEF in CANS, NEW HONEY in glass, NEW CURRANTS, VEAL LOAF and CHICKEN SOUP.

We have all the fresh Cakes and Crackers from National Biscuit CO. CHEESE SANDWICHES, FIG NEWTONS, BARONIAL BISCUITS, ATHENA LEMON CAKES, OYSTERETTES, OLD TIME SUGAR COOKIES, SARATOGA FLAKES, COCONUT DANTIES, NABISCO, DINER BISCUITS, SOCIAL TEAS and FIVE O'CLOCK TEAS.

A meeting will be held at the Lyric tonight to which everybody interested in the levee and in Hickman are invited. Its object will be to appoint a committee to take in charge the city's end of the levee work and such other steps as may be deemed necessary to promote the cause.

Judge Murrell has worked faithfully for a month getting up the money for this work, and to him more than any other man in Hickman, is the credit due for the levee, which is sure to be built. We need a few more like him; men who will donate some time and labor to helping public improvements.

Old Minister Dead.

Rev. J. B. Bushart, a Missionary Baptist preacher, who has preached at a number of places in this section for a quarter of a century or more, died at the home of Wm. Gildewell, near Brownsville, yesterday about noon.

He had been in bad health for some time, and was getting ready to go to his home at Ridgely, Tenn., Tuesday, when he was taken with a hard chill.

He was a member in good standing of the Masonic Lodge at Ridgely, and being in indigent circumstances, the Hickman Lodge took charge of the remains and had them decently interred at Brownsville this morning.

Mac Bushart, of near this city is a cousin, and he also has a cousin at Big Sandy, near Paris, Tenn., and it is said, a daughter at the same place.

Deceased was about 63 years old and had the reputation of being able to quote more scripture than any other person in this section of the country.

Growing in Interest.

The revival at the Baptist church continues to grow in interest. Rev. Williams, of Clinton, who is conducting the services, is an earnest worker and giving eminent satisfaction. His sermons are not the made-to-measure sort, but of the old time religion variety. He believes in howling to the tune regardless of where the chips fall.

The choir, under the leadership of Mr. Petroff, is doing some splendid work.

It is probable the meeting will continue another week or two, although it has been in progress for 12 days past.

There have been six additions to the church thus far, with renewed interest at each service. Attendance is also increasing daily.

You are missing a splendid meeting if you fail to attend.

Harry Sublette met with a serious accident, but most fortunately he nor Tyler Davis were not hurt. Last Tuesday night they were coming from Clinton when their team ran off and left them at Moscow and collided with a passing train which struck them, knocking great holes in their heads. He thinks he may have one horse but it is doubtful about the other. They had a calf in the wagon which was thrown out and broken. The gentlemen may be congratulated that it was not worse.

Power Over Illness

Don't criticize your doctor because medicine prescribed by him fails to have the desired effect. The prescription may have been good, but the ingredients dispensed poor. Give the doctor a fair show by taking his prescriptions to a druggist who makes a point of dispensing only pure drugs of right potency—drugs that have the power to overcome illness.

Tested drugs only are used here, and skilled pharmacists do the compounding. You should have the best procurable when combating sickness.

Open Air for Baby.
In balmy weather the more the baby sleeps out of doors the better. He should be put into his perambulator and be warmly but lightly covered, with a hot water bottle for his feet and a shade around him to protect him from all draughts. He will not only sleep peacefully in this way, but will be gaining health and strength from breathing the fresh air.

In cool or stormy days, when he must sleep indoors, be sure that he is not limited for fresh air. If an open window in the nursery makes too much of a draught on the bed, a board six or eight inches high and just the width of the window will give a constant change of air between the two shades without a direct current of air.

LINEN WORK BAGS

USEFUL ARTICLES EASILY MADE AT HOME.

Any Woman Who Is at All Handy With the Needle Can Easily Own Attractive Design—Some Suggestions.

There is no reason why any woman who is handy with her needle should not own a number of the pretty linen hand and work bags so much in the mode this season. The bags are easily embroidered and even the most difficult can be made up without any trouble by the person who fits on the frame.

The linen may be bought in any shade to match the gown with which the bag is designed to be carried, but white perhaps makes up best. The bag can be cut over a paper pattern, which is simple to make, most of these receptacles being of easily copied shape. If one possesses one bag of this sort already made up, it is easy to form others on the same model.

A simple bag on which to try the "prentice hand" is in the purse shape so often seen in leather. It is of white or natural-colored linen, embroidered in a running design of roses, which gives the effect of glorified cretonne. Instead of a chain, the metal frame is provided with a long linen cord with tassels knotted into it about a quarter way up on either side. This bag may be effectively embroidered either in the natural colors (yellow roses would be especially chic) or in all white, with mercerized thread.

Very much in the Indian style is a bag of tan linen, five sided and coming into a point at the bottom. Except at the top edge, it is finished all around with a deep fringe in brown. It is a workbag and does not need a metal frame, but is held by means of a long handle of linen or raffia. In fact, the fringe itself may well be of raffia, and so may the large rosettes which hold the handle to the bag proper. The design is conventional with a straight border and an Indian bird pattern taking up the sides. The embroidery, in red and brown, may be done in heavy mercerized cotton or in raffia. A large tassel hangs from each of the four corner rosettes.

A dainty little bag, just right for embroidery, is long and almost oval in shape, and should properly be of crocheted lace, but makes up very prettily in white linen embroidered virtually all over in a wild rose design, the flowers so thick that each rose touches the next. About two-thirds way up the bag a band of linen, with ribbon insertion (the ribbon being continued as the strings of the bag), conceals the opening. An edging of little crocheted buttons about this lower two-thirds, a crocheted tassel at the rounded end, and lo! the bag is complete, and a dainty and usable affair it is.

Finally, we have two workbags of the old-fashioned shape, a cardboard circle at the bottom and the bag puffed out from this and tied with a ribbon drawstring. The first of these is of green linen and has a vine pattern running around the middle. This should be worked in a lighter green outlined in black. The strings should be of green inch-wide ribbon.

The second of these capacious bags is worked in a large rose design which is prettiest in natural-colored linen with the roses in red and with red strings. Or the roses and the ribbon may be of pink and the blossoms and green leaves may be outlined in black, or, as an unusual touch, in white.

SMITH & AMBERG

Best On Earth.

Cotton is still king and Hickman and surrounding country is queen.

For many years cotton has ranked as king of all products produced by this mother soil. A few years ago the raising of cotton was practically unknown in this section but it has developed and been demonstrated that we have the greatest cotton producing country in the entire South. Statistics show that Kentucky produces more cotton per acre than any state in the union. Fulton County leads all other counties and the immediate sections adjoining Hickman leads all other sections of Fulton county, and it is a fact we should be proud of.

Our cotton has been shipped to markets where cotton from all sections of the country is shipped to be sold and it has proven to be a staple that is always in demand and can readily be sold white cotton from other sections sometimes "hangs fire." It can be safely estimated that there will be between three hundred fifty thousand and four hundred thousand dollars paid out in Hickman for the fleecy staple this year, to say nothing of the vast amount that will be paid out for corn, wheat, alfalfa and live stock the prosperous farmers around Hickman will have for sale. It has been suggested that cotton may not hold up in price to what it has for the last few years. This surmise is wrong for the following reasons:

First, the consumption now of cotton is about thirteen and a half million bales per year with an increase of a half million bales each year and after the Panama Canal is opened and trade opened up in China, Japan and other countries it is expected that it will increase our exports in cotton and cotton goods many more million bales. Besides the cotton producing belt is limited and is now being taxed to its full capacity to supply the demand we have for cotton already. Unfortunately for the extreme southern belt, the disastrous boll weevil is forcing them to abandon cotton and it is narrowing the cotton belt about 25 to 50 miles every year as it is estimated that the boll weevil travels north this distance through the entire cotton belt from east to west per year and experience has taught that after a boll weevil once gets in a section it is all off with producing cotton there and a farmer has to change his crop. The question has been asked if eventually the boll weevil will not reach us. Government experts who are making this a study claim that we will never be affected for the reason that it takes considerable hot weather for the boll weevil to exist and that he

has to have young bolls to support him, and before the hot weather has lasted long enough for him to produce and survive here our cotton bolls would be too far advanced. At any rate we are on the extreme northern end and will be the last one to be affected. We can truthfully say that we have the best farming country to be found in the world and especially our lands below Hickman, which have become so prominent. We have recently had a statement from a practical retired farmer, who

demonstrated that by clearing up our bottom lands that it is as healthy as any section of the country you can find and it will only be a few years before they will have artesian wells all through the bottom sections, as experts say there will be no trouble in getting the same water there and an overflowing well as they now have in Hickman. We fully expect to see Hickman the metropolis of this rich country within the next five years to double its population as it is impossible now to get carpenters enough

has traveled all over the United States, Canada, Mexico, Cuba, Porto Rico, and many other sections of the country and he states that this immediate section round Hickman is the only country that he ever saw or has heard of that you can raise successfully any crop that grows.

Our lands below Hickman planted in cotton this year will produce a gross income of sixty to one hundred and twenty dollars per acre. It will produce fifty to one hundred dollars per acre in alfalfa. Will produce thirty to fifty bushels of wheat per acre. Forty to seventy-five bushels of corn per acre and any other crop that you might wish to plant in proportion. Our hill lands will produce equally as well with the exception of cotton and alfalfa. It has been sick, but is reported better today.

REVERIES

How many things we hope for, expect, yet do not attain. All paths are not smooth in this dear old world of ours. There are thorns on many sides and rocky as well as slippery places for our feet. Disappointment will come to the best of us, but the brave heart will take new courage after each failure and press on to victory. God bless the weary hearts, if they have grown weary in well doing. Let them take on fresh courage and hope, for there is more of good than evil in this old world of ours. A righteous life will be rewarded and a just cause can never die. Soldiers may fall in battle, but others there are to take their places. The truth cannot be vanquished. It may be crushed to earth, but it will rise again a thousand-fold stronger and illuminate the world. Let us lend a loving, helping hand to the weary hearts.

Woman's Extravagance.

How much is said and written upon this subject. Now pause a moment, and let us compare notes. We will be very brief and only enumerate a very, very few so as not to tax your

Companionship.

Much has been written on the subjects of truth, love and duty: suggestions to mothers, methods of housekeeping and home making, and many other subjects, helpful, inspiring, all

of them; but it is the greatest hero of everyday life—the provider of the home, the protector of the fireside—the husband and father, we wish to say a word of praise and for his benefit offer a few suggestions to the wife. With what unselfish devotion he labors to secure for you the comforts, luxuries and pleasures of life!

Whether it is in the shop, behind the counter, in the office, at the factory, in the mill, or on the farm, it is with one purpose in view—he works strenuously, patiently, unconsciously, year in, year out, for the comfort and happiness of those he loves—wife and children. The man who, for their sakes, faces a combination of discouraging circumstances, distressing financial difficulties, numerous failures, and keeps steadfastly at his post, defying them all, is a hero and nothing less. We meet them every day. Such they are, and doubtless will continue to be as long as there is a home worthy of protection, a child worthy of care, and a woman worthy of love.

And now, little woman, a word with you. If some man has chosen you to reign queen in his heart and home, know that it that capacity you fill the most sacred, the most honorable position in which woman can aspire. In it you appear in your most sacred and dignified character. "To be able to reinforce your husband in the work of life," and rear your children for positions of usefulness is a work worthy of your most careful and prayerful consideration.

There are many ways in which you can lighten his labor and strengthen his hands and gladden his heart (for this purpose were you created the "help-meet," the comforting, ministering guardian angel of man), but in no way more effectively than by studying to make yourself the intelligent, interested, sympathetic companion of your husband. The power and influence of the wife in beautifying and blessing or blighting and cursing the life and prospects of the husband can hardly be estimated. One thing is certain: No man succeeds so well in life as he who has in life's partner a sharer in all his purposes and hopes, a counselor in every difficulty, a sympathizer in every sorrow. Then see that nothing prevents you giving him your sweetest smiles, your kindest words. They are worth more to him—he cares more for them—than all the gold he earns.

Arrange your household affairs so that you can spend the evenings in pleasant companionship with him, you will be amply compensated for any sacrifice you may have to make. With all our heart we believe that a proper understanding of the term companionship as applied to the wedded state would have saved many a home from ruin and kept the pure and holy flame of love from dying out in many a heart and beside many hearthstones. Again we charge you, be your husband's companion.

The more a woman allows her sons to spend time and money in dressing themselves up, the more it will cost their father some day to dress them down.

WAY TO MAKE ANGEL FOOD

Flavor With Almond and Rub Icing Smooth With Boiling Water—Difference in Sugar Used.

This is an original recipe, and if all directions in regard to quantity, as well as combining of material, as well as directions for baking are followed, success is assured (use ungreased tube mold, medium size, and a graded measuring cup); all measurements are level, do not pack down flour when measuring just fill cup lightly and level off top with knife. Ingredients—One cupful of whites of eggs, three-fourth cupfuls each of granulated and powdered sugar; one and one-fourth cupful of finest pastry flour; one teaspoonful each of cream of tartar, vanilla and almond extract; a pinch of salt.

Method—Sift sugar and flour five times separately before measuring, then combine and sift two more times, then let stand in sifter until needed.

Put whites of eggs in round bowl large enough to allow for expansion in whipping, add the salt, then with a flat egg whip begin with light, even strokes, when they begin to froth add the cream of tartar, whip until no stiff that if a portion is taken up on whip and reversed they will stand up in a point, then add the flavoring, whip in lightly, then sift sugar and flour over evenly and with a light dipping motion fold in until all ingredients are well mixed. Fill carefully into the mold, seeing that mixture reaches the sides, then place in a moderately hot oven and watch carefully; the cake should rise to top of mold and rise smooth and slightly rounded, without showing more than a golden tinge; if at any time the oven becomes too hot open the oven door and let the hot air escape, this may be done at any time without danger of the cake falling, but never move the cake or jar stove when opening the door, or place a kettle of cold water on stove while baking.

When the cake has been in about 20 minutes the heat may be slightly increased, when done the cake will shrink slightly, and to test press with fingers, if cake rebounds without making a hissing sound it is done; it should then be a delicate golden brown color, take from oven and invert can until cake is cold. This process of inverting pan insures a light cake as it cannot sag while cooling and when ready to use remove the slides on sides of pan, dip a long flexible knife in cold water and cut cake from mold. Invert cake on a plate, rub off any loose fatty particles that are on sides and bottom, then ice with a liberal coating of confectioners' sugar, flavored with almond and rubbed smooth with boiling water (note the difference, use powdered sugar for cake, but confectioners sugar for icing).

Too Expensive.

The expenses of the great revivals at Paducah are 50 per cent short and there may be a financial crash before this great meeting goes much further. Revivals are very expensive in wicked cities, but in cities like this \$25 would be plenty of money for a revival of two or three weeks, and besides there would be much abouting and nearly all of the sinners would be converted and join the church.

The time is coming when revivals in the cities will amount to very little. When the people get "soft" in their ways of wickedness in cities they are hard to move, especially when the expenses are so high—Cincinnati City Times.
